As we discussed in our conversation of October 15, 1987, this office is conducting follow-up investigations of warehouse facilities which may contain hazardous wastes or pollutants abandoned by companies run by Mr. Jack Colbert and/or Mr. Charles Colbert. The Colberts operated out of the northeast area of the country under various company names including:

Signo Trading International Limited, Inc.  
SCI Equipment and Technology Limited  
SCI Chemical, Inc.  
Mount Vernon Trading Group  
Mount Vernon Trading Association  
Northeast By-Products Recycling Corporation

This office has information which suggests that on or about May 1985, one of the above companies had business dealings with the USCO Distribution Services facility located at 2303 Chaffee Drive, St. Louis, Missouri.

We are requesting any information which your company may have regarding business activities involving any of the above companies. If the activity involved storage or transportation of chemical materials, please provide as much specific information as possible (i.e., dates, quantities, material names, final destination or disposition, etc.).

If you have any questions, please contact me at 913/236-3881. Thank you for your cooperation in this matter.

Sincerely,

Paul E. Doherty  
Chief, Site Investigation Section
